Rule 12 Application of Tariff

(A) Application
This tariff shall apply to the traffic and transportation of passengers and goods using aircraft operated by the carrier in respect of:
(1) An international and transborder service
(2) A cargo service
(3) This tariff contains the conditions of carriage and practices upon which the carrier transports and agrees to transport and are expressly agreed to by the passenger to the same extent as if such rules were included as conditions in the contract of carriage. Transportation is subject to the rules, fares and charges in effect on the date on which such transportation commences at the point of origin designated on the tickets.
(4) References to pages, rules, items and notes are continuous and include revisions, supplements thereto and reissues thereof.
(5) The carrier will be responsible for the furnishing of transportation only over its own lines. When any carrier undertakes to issue a ticket, check baggage, or make any other arrangements for transportation over the lines of any other carrier (whether or not such transportation is part of a through service), such carrier will act only as agent for such other carrier and will assume no responsibility for the acts or omissions of such other carrier.
(6) No agent, employee or representative of the carrier has authority to alter, modify or waive any provisions of the contract of carriage or of this tariff unless authorized in writing by an officer of the carrier.
(7) International fares and fare rules filed with ATPCO under tariff NTA(a) no. 518 and C.A.B. no. 874 are governed by this tariff.

(B) Air transportation contract requirement
No international service or cargo service shall be furnished by the carrier under the terms of this tariff unless an appropriate written air transportation contract, in the form prescribed by the carrier, is executed by the passenger and the carrier in respect of an international service and the carrier and any person in respect of a cargo service.

(C) Incorporation of tariff into air transportation contract

Tariff: WS1 - CTA No. 518 DOT No. 874
Carrier: WestJet - WS

Shall prevail.

(D) Conditions of application
Unless otherwise specified herein, all international services and cargo services provided by the carrier under this tariff shall be subject to the rules, rates and charges published or referred to in this tariff in effect, from time to time, by virtue of the effective date on each page, on the date of signing of an air transportation contract.

(E) Application of traveller's rights provisions (see rules 60, 75, 100 and 110)
In the event of a conflict between traveller's rights provisions and those of any other rule in this tariff, the traveller's rights provisions rule shall prevail, except with respect to force majeure. Rule 15 Rates and Charges—International Service
Issued: November 20, 2019  Effective: January 4, 2020
For travel to/from the US effective November 21, 2019

(A) Payment terms
All fares are due and payable by a passenger on or by twelve o'clock midnight (mountain time) on the date on which the reservation is made. Currency for reservations will be determined based on the point of sale for reservations made through the carrier’s reservation centre and travel agencies using an external reservation system (for example sabre or Apollo), and based on the departure city of the first flight for reservations made through the carrier’s website. For example, a reservation made for travel from Las Vegas to Calgary would be charged in CAD currency through the carrier’s reservation centre or a Canadian travel agent, however if reserved through the carrier’s website by travel agent or a passenger, the fare would be charged in US currency. Fees are charged per passenger and per transaction, for booking made prior to March 20th 2019 and per fare component for passenger for booking made on or after March 20th 2019, not per leg. If the passenger(s) were to cancel one leg of the itinerary and then cancel the remaining reservation at a different time, the fee would be charged in both instances). The location that a change is made in (point of sale) dictates the currency that the fees are charged in. As a result, change fees may be charged in a different currency than the initial reservation. If no changes are made by the passenger prior to travel, the carrier guarantees that the fare paid at the time of booking shall be honoured.

(B) Carrier schedule changes and cancellations
Passengers have a right to information on flight times and schedule changes. In the event of a delay, an advanced flight departure or schedule change, the carrier will make reasonable efforts to inform the passengers of delays, proposed advanced flight departures and schedule changes, and, to the extent possible, the reason for them.

(C) When a ticket is cancelled within 24 hours of purchase, and the flight is outside 7 days, a full refund including taxes and fees, without penalty can be obtained. Outside of 24 hours, for a non-refundable ticket, the carrier does not refund any taxes, fees or surcharges collected unless required by law or where such taxes were collected in error.

Information on listed entities can be obtained by contacting the Canada revenue agency at 1-800-959-8287. The exemption from GST/HST is only valid if the supply is sold to a listed entity for the official business of that entity and the purchase is paid for with "crown funds". Employees of listed entities purchasing travel for official business with their personal credit cards are not exempt. It is the passenger's responsibility to ensure that tax exemptions provided adhere to the exemption rules specific to the tax being exempted at any particular time and to ensure he/she is aware of the applicable...
rules at the time of granting any exemption.

Issued: October 6, 2019        Effective: October 7, 2019

(A) Acceptance of a passenger with a disability
(1) The carrier will accept the determination of a person with a disability as to self-reliance. When a passenger has advised a carrier of his self-reliance, a carrier shall not refuse such passenger transportation on the basis that there is a lack of escort or that the passenger may require additional attention from airline employees.

(2) In the case of code-share, guests are advised that the carriage of persons with a disability rules applicable to their transportation are those of the carrier identified on your ticket and not of the carrier operating the flight.

(3) The carrier will make every effort to accommodate a person with a disability and will not refuse to transport a person solely based on his/her disability.

(B) Acceptance of declaration of self-reliance
the carrier will accept a person's declaration of self-reliance, will not refuse to provide transportation to a person with a disability, and will not impose any special conditions on the carriage of a person with a disability, except in the following circumstances:
(1) Carrier may refuse to provide transportation to any person on the basis of safety.
(2) Carrier may refuse to provide transportation to any person if carriage of that person would result in the violation of any applicable law.
(3) Carrier reserves the right to require clearance, as a condition of travel, in accordance with procedures established by carrier, if the transportation of a person involves any unusual risk or hazard to the guest or to other persons (including, in the case of a pregnant guest, unborn children), for the purpose of determining whether the person requires an attendant by reason of the provisions of this rule or for the purpose of determining whether the person qualifies for additional or special seating pursuant to this rule.

(C) Medical clearance

(2) Guests with disabilities and their attendants, who will meet the persons' disability related needs, will be seated together.

(3) The number of guests with a disability on a single flight may be limited based on guest safety considerations, aircraft specifications, and airport handling facilities available at departure or arrival airports.

(4) For services provided by WestJet Link, there is a ban on cats carried as pets in the aircraft cabin on which a person with a disability as a result of their allergy to cats is travelling. Thus if, at the time of reservation by a person with a disability as a result of their allergy to cats who requires accommodation, there are no confirmed passengers travelling with cats, any subsequent requests to carry a cat in the cabin would be denied. Children up to the age of 5 will be accepted for transportation when accompanied by their parent or a guest who is at least 16 years of age. Children between the ages of 5-11 years inclusive will be accepted for transportation when accompanied by a guardian. The specific terms and conditions applicable to the guardian fare follow.

(1) Children between 2-11 years of age are eligible to travel on WestJet flights under the guardian fare program, provided that infants and children up to the age of 5 must be accompanied by their parent or a guest who is at least 16 years of age. Issued: October 6, 2019    Effective: October 7, 2019

(A) For travel governed by the Montreal Convention
For the purpose of international carriage governed by the Montreal Convention, the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.

(B) For travel governed by the Warsaw Convention
Carriage hereunder may be subject to the rules and limitations relating to liability established by the Warsaw Convention, or such convention as amended, unless such carriage is not "international carriage" as defined by the Warsaw Convention. With respect to all international transportation, as defined in the said convention, performed by it, the carrier agrees that the limit of liability for each passenger for death or wounding or other bodily injury shall be limited to proven damages not to exceed the sum of 100,000 special drawing rights, exclusive of legal fees and disbursements.

(C) For travel governed by either the Montreal Convention or the Warsaw Convention
Nothing herein shall be deemed to affect the rights and liabilities of the carrier with regard to any person who has willfully caused damage which resulted in death, wounding, or other bodily injury of a passenger. The carrier does not maintain, operate or provide ground transportation between airports, or between airports and city centres. Any such services are performed by independent contractors who are not, and shall not be deemed to be the agents of employees of the carrier. The carrier shall not be liable for the acts or omissions of any such independent contractors.
Rule 60 Limitation of Liability for Baggage or Goods

Incidental authorization is CAD 100 for the first 48 hours then an additional CAD 150 after 48 hours. This does not limit or reduce the passenger's right to claim damages, if any, under the applicable convention or under the law.

(B) For travel governed by the Montreal Convention the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.

As regards objects of which the passenger takes charge himself/herself, the liability of the carrier is limited to 5,000 Francs per passenger. In the case of loss, damage or delay of part of property carried as checked baggage, the weight to be taken into consideration in determining the amount to which the carrier's liability is limited shall be only the total weight of the property lost, damaged or delayed. Nevertheless, when the loss, damage or delay of a part of the property affects the value of other property covered by the same baggage check, the total weight of the property covered by the baggage check shall also be taken into consideration in determining the limit of liability. The monetary unit referred to in this rule shall be deemed to refer to the gold franc referred to the carriage by air act, R.S., 1985, C. C-26. and the schedules hereto. For the purpose of settlement of claims and in the event of an action against the carrier, any sum in francs shall be converted into Canadian dollars by:

(D) For travel governed by either the Montreal Convention or the Warsaw Convention
If the passenger or charterer does elect to declare a higher value an additional charge shall be payable and the carrier's liability will not exceed the higher value declared. The additional charge shall be calculated as follows:

(i) The amount of the carrier's basic liability for itineraries governed by the Montreal Convention set out above shall be up to 1,131 SDRs including incidental expenses unless excess valuation has been purchased;

(ii) No charge shall be payable on that part of the declared value which does not exceed basic carrier liability;

(iii) For that part of the declared value which does exceed basic carrier liability, (excess valuation) a charge shall be payable at the rate of USD/CAD $10.00 to a maximum total liability of USD/CAD $3,000.00 including basic carrier liability.

(iv) The liability limit does not apply if it is proved that the damage resulted from an act or omission of the carrier, its servants or agents, done with intent to cause damage provided that in the case of the agent or servant it is proved that such servant or agent was acting within the scope of its employment.

no action will be taken against the carrier in case of loss or delay in the delivery of checked and unchecked baggage unless the passenger complains in writing to the carrier within:

(a) 21 days from the date on which the baggage has been placed at the passenger's disposal (in the case of delay); or,

(b) 21 days from the date on which the baggage should have been placed at the passenger's disposal (in the case of loss).

In the case of damage to checked baggage, the passenger must complain to the carrier immediately after discovery of damage, and at the latest, within seven days from receipt of the baggage. any claim against a carrier will be extinguished unless an action is brought within two years reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped. In the event of full cancellation of the itinerary made more than two hours before the originally scheduled time of departure, the seat fee will be included in the cancellation funds.

(1) The carrier whose designator code is identified on the first segment of the passenger's interline ticket will be known as the selecting carrier.
(2) Any carrier who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket will be known as a participating carrier.

(C) Baggage rule determination by selecting carrier

The carrier identified by means of a) or b) will be known as the selected carrier.

(2) Carry-on baggage
Each operating carrier's carry-on baggage allowances will apply to each flight segment in an interline itinerary. Notwithstanding, the carry-on baggage charges that will apply to the entire interline itinerary will be those of the selected carrier.

"Baggage rules"  
The conditions associated with the acceptance of baggage, services incidental to the transportation of baggage, allowances and all related charges. For example, baggage rules may address the following topics:  
. The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;  
. The number of checked and unchecked passenger bags that can be transported and the applicable charges;  
. Excess and oversized baggage charges;  
. Charges related to check-in, collection and delivery of checked baggage;  
. Acceptance and charges related to special items, e.g. surfboards, pets, bicycles, etc.;  
. Baggage provisions related to prohibited or unacceptable items, including embargoes;  
. Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check-in, pre-purchasing baggage allowances with a particular credit card); and,  
. Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges etc.

"Interline agreement":  
An agreement between two or more carriers to co-ordinate the transportation of passengers and their baggage from the flight of one air carrier to the flight of another air carrier (through to the next point of stopover).  
"Interline itinerary":  
All flights reflected on a single ticket involving
Multiple air carriers. Only travel on a single ticket is subject to the agency's approach provided the origin or the ultimate ticketed destination is a point in Canada.

"Interline travel":
Travel involving multiple air carriers listed on a single ticket that is purchased via a single transaction.

"Single ticket":
A document that permits travel from origin to destination. It may include interline/code-share and intra-line segments. It may also include end-to-end combinations (i.e., stand alone fares that can be bought separately but combined together to form one price).

"Summary page at the end of an online purchase":
A page on a carrier's web site which summarizes the details of a ticket purchase transaction just after the passenger has agreed to purchase the ticket from the carrier and has provided a form of payment.

"Ultimate ticketed destination":
In situations where a passenger's origin is a non-Canadian point and the itinerary includes at least one stop in Canada, as well as at least one stop outside Canada. If the stop in Canada is the farthest checked point and the stop is more than 24 hours, the agency would consider the ultimate ticketed destination to be Canada.

Carrier definitions (various)

"Down line carrier ":
Any carrier, other than the selecting carrier, who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"Marketing carrier":
The carrier that sells flights under its code.

"Most significant carrier (MSC)":
Is determined by a methodology, established by IATA (resolution 302), which establishes, for each portion of a passenger's itinerary where baggage is checked through to a new stopover point, which carrier will be performing the most significant part of the service. For travelers under the resolution 302 system, the baggage rules of the MSC will apply. For complex itineraries involving multiple checked baggage points, there may be more than one MSC, resulting in the application of differing baggage rules through an itinerary.

"Most significant carrier (MSC)-IATA resolution 302 as conditioned by the agency":
In this instance, the MSC is determined by applying IATA resolution 302 methodology as conditioned by the agency. The agency's reservation has stipulated that only a single set of baggage rules may apply to any given interline itinerary. The aim of the agency's reservation is to allow the selecting carrier to use the MSC
methodology to determine which carrier's baggage rules apply to an international interline itinerary to or from Canada, while reinforcing the role of tariffs in the determination of which carrier's rules apply.

"Operating carrier":
The carrier that operates the actual flight.

"Participating carrier(s)"
Includes both the selecting carrier and down line carriers who have been identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"Selected carrier":
The carrier whose baggage rules apply to the entire interline itinerary.

"Selecting carrier":
The carrier whose designator code is identified on the first segment of the passenger's ticket at the beginning of an itinerary issued on a single ticket whose origin or ultimate destination is in Canada.

Combination of local currency fares

To combine two or more local currency fares, convert all local currency fares into the currency of the country of commencement of transportation.

Step 1: (a) Establish the NUC amount for each local currency fare by dividing the local currency fare by the applicable IATA Rate of Exchange (ROE) shown in the Currency Conversion Table below for the country in which the currency is denominated.

(b) Calculate the resultant amount to two decimals places, ignoring any further decimal places.

Step 2: Add the resultant NUC amounts for the sectors involved.

Step 3: (a) Established the through local currency
fare by multiplying the total NUC amounts (derived from Steps 1, 2, and 3 above) by the IATA Rate of Exchange (ROE) shown in the currency conversion table below for the country of commencement of travel.

(b) Calculate the resultant amount of one decimal place beyond the number of decimal places shown next to the local currency in the conversion table below, ignoring any further decimal places.

(c) Round up to the next higher rounding unit shown next to the local currency in the currency conversion table, unless otherwise indicated.

Exception: When an international ticket is comprised of all domestic fare components, but within different countries, the provisions outlines above shall apply.

Other Charges
Other charges shall be separately converted to the currency of the country of sale using the Bankers' Selling Rate using the rounding units shown next to other charges in the currency conversion table.

MCOs for unspecified transportation and PTAs.
MCOs for unspecified transportation and PTAs when honored for payment of Air transportation shall be subject to the provisions of Rule 75 (Currency of Payment). The country of payment of the PTA or MCO shall be considered the country of original issue and determine construction Rules to apply.

For IATA Rate of Exchange (ROE) currency conversion table see pages 259-275.
