Rule 45: Stopovers

(A) General

Stopovers will be permitted under the following conditions:

1. Stopovers must be arranged with the Carrier in advance and specified on the Ticket.
2. Specific Fare rules may not permit stopovers or limit the number of stopovers allowed or there may be an additional charge for stopovers based on the Fare purchased by the Guest. Refer to the rule applicable to the Fare in question for further information.
3. If a portion of a journey is travelled by surface transportation, a stopover will be deemed to have taken place for such transportation.
4. A deliberate interruption of a journey for more than 4 hours will constitute a stopover.

Rule 54: Interline Baggage Acceptance

1. Applicability

This rule is applicable to all interline itineraries issued on a single Ticket whose Origin or ultimate Ticketed Destination is in Canada.

This establishes how the Carrier will determine which Baggage rules apply to any Guest's entire interline itinerary.

For the purposes of Interline Agreement Baggage acceptance:

- i. the carrier whose designator code is identified on the first segment of the passenger's interline Ticket will be known as the selecting carrier.
- ii. any carrier who is identified as providing interline transportation to the passenger by virtue of the passenger's Ticket will be known as a participating carrier.

2. Baggage Rule Determination by Selecting Carrier:

Checked Baggage

The Carrier will apply the Most Significant Carrier rules, as determined by IATA Resolution 302 as conditioned by the CTA, in order for that Carrier's Baggage rules, as established in its Tariff, to apply to the entire interline itinerary.

The carrier identified will be known as the selected carrier.

Carry-On Baggage

Each operating carrier's Unchecked Baggage Rules will apply to each Flight segment in an interline itinerary. Notwithstanding, the Unchecked Baggage charges that will apply to the entire interline itinerary will be those of the Selected Carrier.

1. Guest's special status

The Baggage rules determined by the Selected Carrier at the beginning of a Guest's itinerary will determine what entitlements the Guest is eligible for.

2. Stopovers

The Baggage rules determined by the Selected Carrier at the beginning of a Guest's itinerary will determine whether a Guest's Baggage allowance and charges may be

applied at each Checked point or whether it is the Carrier's policy to apply the charges only one time in each direction.

3. Embargoes

Embargoes applicable to any Operating Carrier participating in an interline itinerary will be taken into account when determining the Baggage Rules and charges that apply to the Guest's travel.

(C) Baggage Rule Application by Participating Carrier

Where the Carrier is not the Selected Carrier on an Interline Itinerary but is a Participating Carrier that is providing transportation to the Guest based on the Ticket issued, the Carrier will apply as its own the Baggage Rules of the Selected Carrier throughout the interline itinerary.

4. Transportation of Special Items

Some restrictions apply for the transport of Baggage on an itinerary e.g. oversized or overweight Baggage, such as, surfboards or animals, bicycles, etc. In these cases, any Participating Carrier in a Guest's interline itinerary may apply these restrictions to the Guest's travel based on that carrier's Tariffs.

5. Musical Instruments

Provided it is safe to do so, the Carrier may accept properly packaged musical instruments as either checked or carry-on baggage, depending on the instrument's weight or dimension.

Due to cabin storage space limitations, the Carrier cannot guarantee that a musical instrument can be accommodated on board. Storage is provided on a "first come, first serve" basis.

If there is no space available in the cabin to securely store the musical instrument, or if deemed required by airline staff, the musical instrument may need to be checked at the gate and transported as checked baggage.

Musical instrument counts as 1 piece of carry-on luggage.

Checked Baggage:

If musical instruments are checked in separately, the instrument counts as one piece of Baggage towards the maximum number of checked bags allowed by fare type. If a guest's Baggage count (musical instrument plus number of other bags to be checked) exceeds the maximum number of items allowed by fare type, additional checked baggage charges will apply. If the musical instrument weighs more than 23 kg (50 lb), overweight baggage charges will apply. The maximum weight of musical instruments the Carrier can carry is 32 kg (70 lb). A musical instrument cannot exceed a combined length + width + height dimension of 157 cm (62"). Musical instruments must always be packaged in a rigid/hard shell container designed to ship such items. For string instruments, guests are responsible for ensuring that the strings are loosened so that tension is reduced on the top and neck of the instrument.

In the event of aircraft substitution preventing the transportation of a musical instrument in the cabin, the Carrier will use reasonable efforts to (i) gate-check the instrument, or (ii) check the instrument on the next available flight.

The exceptions to this are:

We will disclose your personal information on a reasonable basis to an individual who has booked your current flight or other travel service where that individual has adequately identified themselves.
