All Tickets used for a routing other than that specified on the Ticket are invalid.

"Hidden City/Point Beyond ticketing" is a specific form of routing non-compliance and means the purchase of a fare from a point before the passenger's actual origin and/or to a point beyond the passenger's actual destination, both as shown on an itinerary, in order to obtain a lower fare than could otherwise be applicable.

WestJet specifically prohibits Hidden City/Point Beyond ticketing. Accordingly, a passenger shall not purchase one or more Tickets or fares that constitute Hidden City/Point Beyond ticketing and any such Tickets are invalid.

3) WestJet Remedies for Invalid Tickets

Where a Ticket is not valid as a result of the passenger's non-compliance with any term or condition of sale, with any fare rule, or with this Tariff, WestJet has the right in its sole discretion to:

- (a) cancel the entire or any remaining portion of the passenger's itinerary or Ticket without refund of any fare, fees, or charges collected;
- (b) refuse to check in or to board the passenger and/or the passenger's Baggage; or
- (c) charge the passenger for the reasonable remaining value of the Ticket, which shall be no less than the difference between the fare actually paid and the lowest fare applicable to the passenger's itinerary.

Rule 40 Persons with a Disability

A) Application

- 1) This rule applies to the transportation of Persons with A Disability on itineraries which are (i) marketed and operated by WestJet, or (ii) marketed by WestJet and operated by other parties.
- 2) For flights between points within Canada, WestJet's obligations are subject to the ATPDR, as amended.
- 3) As used in this rule, the following capitalized words and terms shall have the specified meanings attributed to them:
 - (a) "**Assistive Device**" means any medical device, Mobility Aid, communication aid or other aid that is specially designed to assist a Person with A Disability with a need related to their Disability.
 - (b) "**Bank of Seats**" means passenger seats that are immediately adjacent to each other and does not include passenger seats that are across the aisle or any combination of pod-style Business class seats.

Emotional Support Dogs do not qualify as Service Dogs for transportation.
 - (d) "**Service Dog**" means a dog that has been individually trained by a person specializing in Service Dog training to do work or perform tasks to assist a Person with A Disability with a need related to their Disability. Dogs not holding the required qualifications as Service Dogs, including Emotional Support Dogs, do not qualify as Service Dogs for transportation.
 - (e) "**Support Person**" means a person who is at least 18 years of age and whose assistance is needed after departure and before arrival by a Person with A Disability because of the nature of their Disability.

B) Acceptance for Carriage

- 1) Determination of Self-Reliance

For the purpose of this rule, self-reliance shall mean the person is self-sufficient and capable of taking care of all their physical/mental needs during flight and does not require services other than those normally provided by WestJet to passengers in general.

westJet will accept the determination made by or on behalf of a Person With A Disability as to the person's self-reliance, unless doing so would impose undue hardship on westJet (e.g., if such acceptance by westJet would jeopardize security, health, or safety).

2) Conditions of Transportation

Subject to the conditions of this rule, westJet will not refuse to transport a Person With A Disability based solely on their Disability unless the transportation of such person would impose an undue hardship on westJet (e.g., if transportation of such person would jeopardize security, health, or safety).

Notwithstanding the foregoing, and subject to Applicable Law, westJet reserves the right to limit the number of Persons With A Disability, Support Persons, and Service Dogs on individual flights to ensure the security, health, and safety of flights and passengers.

3) Support Person

Subject to the ATPDR and other Applicable Law, westJet may require that a Support Person accompany and be responsible for a Person With A Disability as a condition of providing transportation.

westJet may validate what assistance is needed from the Support Person and whether the Person With A Disability requires assistance from its employees other than that which is normally provided by such employees to passengers in general.

Unless otherwise required by Applicable Law, a Support Person must purchase an available fare in the same cabin as the Person With A Disability requiring the Support Person. Seating of the Support Person and the Person With A Disability across an aisle, including in pod-style Business class seats, may be permitted at westJet's sole discretion subject to westJet's assessment of the support required for the Person With A Disability.

4) Additional Seating for Disability Accommodation

westJet will charge a fare for only one seat when a Person With A Disability requires extra seating due to a Disability.

5) Medical Clearance

Subject to Applicable Law, westJet reserves the right to require a medical clearance from westJet's medical authorities or from the Person With A Disability's licensed medical doctor if travel involves a risk or hazard to the Person With A Disability or to other persons.

6) Refusal of Carriage

- (a) westJet shall not be liable for its refusal to transport or the removal of any passenger or Service Dog, including as a result of associated refusal to accept Mobility Aids or Service Dogs in accordance with this Tariff, or for the removal of any passenger in accordance with this rule.
- (b) If westJet refuses to transport a Person with A Disability for reasons related to their Disability, it will, at the time of the refusal, inform the person of the reasons for the refusal. Within 10 days of the refusal, westJet will provide the Person with a Disability with a written notice setting out the reasons for the refusal.
- (c) In the case of a refusal to transport as outlined by this rule, at the request of the passenger, a refund will be issued in accordance with rule 85 - Refunds, subject to applicable fare rules.

C) Reservations: Recommended Advance Notice

- 1) westJet recommends that all reservations for Persons with A Disability be made at least 48 hours in advance of travel, including advising westJet as to the assistance required. It is further recommended that such 48-hour period include at least one full Business Day. Failure to provide such advance notice of requested services may reduce westJet's ability to provide assistive services.
- 2) without such advance notice, westJet will make every reasonable effort to provide an assistive service requested by a Person with A Disability, provided that nothing herein shall be construed as limiting the accommodations or services that westJet is required to provide under Applicable Law.

D) Information and Document Requirements & Retention

- 1) For all flights, subject to Applicable Law, westJet may require information or documents, including medical clearance, to substantiate the fitness to travel and to assess requested services for a Person with A Disability.
- 2) Where westJet requires information or documentation for a request for services, it is recommended that the passenger provide this at least 48 hours before the scheduled flight departure time, and that such period includes at least one full Business Day to ensure that westJet has sufficient time to assess such requests.

westJet will make reasonable efforts to provide a service requested by a Person with A Disability when information or documents are not provided by the passenger with such advance notice.

- 3) If a Person with A Disability provides to westJet documents in relation to a request by the person for a service outlined in this rule, westJet will offer to retain, subject to the person's consent, an electronic copy of such documents for a period of at least 3 years to permit westJet to use the

documents for the provision of the same service to the person on subsequent flights with WestJet.

E) Services Provided for Persons with Disabilities

F) Acceptance of Mobility Aids and Other Assistive Devices

- 1) WestJet will, on request, carry a Person with A Disability's Mobility Aid or other Assistive Device (being any medical device, communication aid, or other aid that is specifically designed to assist a Person with A Disability with a need

- related to their Disability) free of charge as priority Baggage.
- 2) WestJet will make every reasonable effort to permit the person to retain their Mobility Aid until it becomes necessary to store it for carriage and will return the Mobility Aid as promptly as possible upon flight arrival at destination.
 - 3) WestJet will make every reasonable effort to permit a Person with A Disability who uses a walker or manual wheelchair to store it in the passenger cabin, provided the device can be safely stowed in an approved location and does not exceed weight limits or obstruct access to safety equipment, exits, the aisle, or interfere with normal and safe flight operation.
 - 4) WestJet will make every reasonable effort to permit a Person with A Disability to bring into the passenger cabin and to retain any small Assistive Device that the person needs during travel, including a cane, crutches, a communication device, an orthotic positioning device, or a portable oxygen concentrator, except to the extent that the presence or use of such a device jeopardizes security, health or safety.
 - 5) Where a Mobility Aid needs to be disassembled and reassembled in order for it to be transported as carry-on or checked Baggage, WestJet will require that the passenger (i) provides the carrier with instructions for the disassembly and reassembly of the Mobility Aid, and (ii) provides any required specialized tools.

G) Refusal of Mobility Aids and Other Assistive Devices

- 1) Mobility Aid handling limits differ by aircraft type, associated loading and other equipment at the airports indicated on the itinerary, and other factors relevant to the handling of Mobility Aids. When a travel itinerary involves multiple aircraft types, the most restrictive capability applies to the entire itinerary.

To reduce the risk of damage, powered Mobility Aids must at all times be in an upright position during handling, including when being moved into the aircraft cargo or baggage storage compartment. Accordingly, powered Mobility Aid height and width dimensions are always in respect of the device in such fully upright position.

Aircraft Fleet Type	Mobility Aid Maximum Weight	Mobility Aid Maximum Dimensions (Measured when Upright)
Boeing 787 ULD Container Loaded	500 Lbs	Height: 64 inches width: 61 inches
Boeing 787 Bulk Baggage Loaded	300 Lbs	Height: 45 inches width: 40 inches
Boeing 737	300 Lbs	Height: 35 inches width: 48 inches
Bombardier Q400	300 Lbs	Height: 59 inches width: 51 inches

Please visit westjet.com or contact WestJet for additional detailed information regarding the acceptance of Mobility Aids for specific travel itineraries, as well as the acceptance and procedures for permitted battery types for powered Mobility Aids.

- 2) westJet will refuse to transport a Mobility Aid when:
 - (a) the weight or size of the Mobility Aid exceeds the applicable capacity limits specified in this rule;
 - (b) transportation of the Mobility Aid would jeopardize aircraft airworthiness, safety, or violate Applicable Law, including in respect of permitted battery types in the case of battery powered Mobility Aids;
 - (c) instructions and/or necessary specialized tools are not provided by the passenger in the case of a Mobility Aid which requires disassembly and/or reassembly;
 - (d) the passenger does not meet the time limits provided in rule 50 – Airport Arrival, Check In, & Boarding Times, and which are necessary to allow westJet sufficient time to handle the Mobility Aid, provided that in such cases westJet will make reasonable efforts to accommodate the Mobility Aid.

- 3) When westJet refuses to transport a Mobility Aid for any of the reasons above, westJet will:
 - (a) At the time of the refusal, inform the person of the reasons for refusal and, not later than 10 days after the day of the refusal, provide the person with a written notice setting out the reasons for the refusal; and
 - (b) Inform the Person with A Disability of alternative trips operated by westJet to the same destination on which their Mobility Aid can be transported and offer to book this for the person at the lesser of the fare for the original trip and the fare for the alternative trip. Alternatively, the passenger may request a refund.

- 4) See rule 95 – Baggage Liability for limitations of liability regarding loss of, damage to, or delay in delivering Mobility Aids.

H) Service Dogs

- 1) "Service Dog" means a dog that has been individually trained by a person specializing in Service Dog training to do work or perform tasks to assist an individual with a Disability with a need related to their Disability. Dogs not holding the required qualifications as Service Dogs, including Emotional Support Dogs, do not qualify as Service Dogs for transportation.
 - (a) For all flights a Service Dog will require supporting documentation that is acceptable to WestJet of having been individually trained by an organization or individual specializing in Service Dog training.
- 2) Emotional Support Dogs do not qualify as Service Dogs for transportation. Emotional Support Dogs are not accepted for transport.
- 3) Service Dog Acceptance
 - (a) WestJet will, on request, accept a Service Dog for transportation and will permit the Service Dog to accompany the Person with A Disability on board the aircraft in the passenger cabin, provided that:
 - (i) the reservation requirements provided in this rule are met, including providing supporting documentation that is acceptable to WestJet regarding the certification of the dog as a Service Dog along with the task or service provided by the Service Dog; and
 - (ii) the weight and dimensions of the Service Dog are provided.
 - (b) When the weight or size of a Service Dog is such that the passenger's seat does not provide sufficient floor space for the Service Dog to lie down at the person's feet in a manner that ensures the safety and well-being of the Service Dog, the Person with A Disability, or other passengers and crew aboard the flight, WestJet will require that an Adjacent Seat be purchased to accommodate the Service Dog and that the passenger and Service Dog occupy such Adjacent Seats. Such purchase will require an additional fare, including all associated taxes, fees, and charges.

In the event that, due to the weight or size of the Service Dog, such Adjacent Seat fails to make it possible to safely transport the Service Dog in the same passenger cabin as the Person with A Disability, subject to availability WestJet will offer to transport the Person with A Disability and the accompanying Service Dog on alternate flights that can accommodate the Service Dog in the same passenger cabin as

the Person with A Disability. If no such alternate flights are available, westJet will offer to carry the Service Dog as checked baggage pursuant to rule 65 - Animals.

- (c) To ensure that westJet has sufficient time to assess Service Dog requests, it is recommended that required information and / or documentation be provided at least 48 hours before the scheduled flight departure time and includes at least one full Business Day.

westJet will make reasonable efforts to accept a Service Dog for carriage if requested by a Person with A Disability if such advance notice is not met or the required information and/or documentation is not provided.

4) Responsibilities For Traveling with a Service Dog

- (a) The Person with A Disability must make all arrangements and assume full responsibility for complying with all Applicable Law, including governmental travel requirements of countries to be flown from, into, or through, in respect of the Service Dog. In particular, the person is responsible for obtaining valid health and vaccination certificates, entry permits, and all other documents and approvals required by countries, states or territories for entry or transit of any Service Dog that is to accompany the person.
- (b) When travel involves more than one carrier, it is the responsibility of the Person with A Disability to verify the policy of each carrier involved in the itinerary to ensure that the requirements of each carrier have been met and that each carrier is aware of, and has agreed to, carry the Service Dog on its own aircraft.
- (c) The Person with A Disability must ensure the use of appropriate control measures (defined as a harness or collar with a leash/tether) for the Service Dog, and it is recommended that such control measures have stitching or labelling that identifies the Service Dog as a "service animal" or "service dog".
- (d) The Person with A Disability assumes full responsibility for the behavior of the Service Dog, including its interaction with air crew, other passengers, other animals on board, and airline property while onboard the aircraft.
- (e) In the event a Person with A Disability breaches any requirement of this rule 40 - Persons With A Disability, section H, the Person with A Disability shall indemnify westJet, its affiliates and related entities, agents and employees of each of the foregoing and hold them harmless from and against any and all claims, actions, suits, expenses, damages, solicitor and own client costs, disbursements and liabilities of any kind arising from the carriage of a Service Dog, or from non-compliance with the Air Transportation Contract.

- (f) Except as may otherwise be provided for in this Tariff, westJet will not be liable for injury, sickness and or death of a Service Dog. Should an injury to or death of a Service Dog result from the negligence of westJet's representatives, westJet's liability will be limited to expeditiously providing, at its own expense, for the medical care, and if necessary, replacement of the Service Dog.

5) Refusal to Accept Service Dog

- (a) westJet may refuse to transport the Service Dog of a Person with A Disability if:
- (i) the Person with A Disability fails to have in their possession at the time of check-in valid documents which demonstrate that the Service Dog has all necessary health and vaccination certificates, entry permits, and other documents required by each country, state or territory to be entered or transited;
 - (ii) the Service Dog size or weight exceeds the capability for the Service Dog to be safely positioned within the space of the person's passenger seat, and an Adjacent Seat was (i) not purchased in advance and cannot be arranged due to flight capacity limitations, (ii) was not requested in time to meet the check-in and boarding time limits, (iii) is not available for purchase due to the cabin the person is travelling in (for example, an Adjacent Seat cannot be purchased for a Service Dog in the Business class cabin), or (iv) the Service Dog size exceeds the capability to be safely positioned even with an Adjacent Seat;
 - (iii) the person does not have the appropriate control measures for the Service Dog as set forth in this rule;
 - (iv) the Service Dog is not under the person's control; or
 - (v) the Service Dog exhibits any prohibited behaviour, including but not limited to running freely, barking or growling repeatedly at other persons, biting a person, jumping on people, urinating or defecating in any airport or aircraft area, or causing significant disruption in any airport or aircraft area.
- (b) westJet shall not be liable for its refusal to transport a Service Dog or for the removal of any Service Dog and the associated passenger in accordance with this rule.

I) Actions After Refusal to Transport

If westJet refuses to transport a Person with A Disability for reasons related to their Disability, or their Service Dog for any reason, it will, at the time of the refusal, inform the person of the reason(s) for the refusal. Within 10 days following the refusal, westJet will provide the person with a written notice setting out the reasons for the refusal.

In the case of a refusal to transport as outlined by this rule, at the request of the passenger, a refund will be issued in accordance with rule 85 - Refunds, subject to this Tariff and applicable fare rules.

Rule 45 Minors

A) Application of Infant & Minor Status

- 1) Depending on flight dates and passenger birth dates, Minor / Infant status may apply in respect of some but not all flights of a given ticketed itinerary. For example, in the event of a round trip in which a passenger reaches their 2nd birthday between the dates of the outbound and return flights, the passenger would be considered an Infant on the outbound flights and a Minor on the return flights and the policies, terms, and conditions outlined in this tariff will apply accordingly.

B) Carriage of Infants (Minors aged less than 2 years)

- 1) An Infant must be accompanied by their parent or a passenger who is at least sixteen (16) years of age or older.
- 2) Infants are permitted to occupy the same seat as their accompanying passenger (i.e., lap-held). In such cases the Infant will be transported without fare, but taxes, fees, and other charges may apply.
- 3) Infants occupying a seat (i) must be adjacent to the accompanying passenger with both passengers in a cabin other than the Business class cabin and (ii) require the purchase of a full fare, including applicable taxes, fees, and charges.
- 4) In the event a passenger reaches their 2nd birthday after the initial flight of an itinerary but prior to subsequent flights of an itinerary, in respect of all flights after their 2nd birthday, they:
 - (a) are a Minor and not an Infant, and the policies, terms, and conditions outlined in this tariff will apply accordingly;
 - (b) do not qualify to be lap-held on board such flights and must occupy their own seat; and
 - (c) require the purchase of a full fare for the applicable flights, including applicable taxes, fees, and charges.
- 5) Required Documents: A passport is required for all Infants for international travel. Other documents (e.g., letter of travel consent signed by parent(s) or guardian(s)) may also be required, which may include, but is not limited to, when an Infant is travelling with only one parent.

C) Carriage of Minors Other Than Infants (Minors aged 2 years through 17 years)

- 1) Required Accompaniment
 - (a) Passengers 4 years of age or younger will be accepted for transportation only when accompanied on the same flight and in the same cabin by their parent or a passenger sixteen (16) years of age or older.
 - (b) Passengers 5 - 7 years of age will be accepted for transportation only when accompanied on the same flight and in the same cabin by a passenger who is twelve (12) years of age or older.
 - (c) Passengers 8 - 11 years of age will be accepted for transportation only when accompanied on the same flight and

in the same cabin by a passenger who is twelve (12) years of age or older.

(d) Passengers 12 - 17 years of age may travel alone as an adult.

- 2) Passengers 2 years of age and older require the purchase of a full fare, including applicable taxes, fees, and charges.
- 3) Minor passengers and any required accompanying passenger are responsible for presenting all required documents for travel. Documents may include, but are not limited to, a letter of travel consent signed by parent(s) or guardian(s) when a Minor is travelling with only one parent or guardian.

D) Seating Proximity for Minors

1) Seating Assignment - Reasonable Efforts

WestJet will make reasonable efforts to ensure that passengers less than 14 years of age will receive seating assignments in close proximity to a parent, guardian, or tutor accompanying them, as follows:

- (a) Passengers 4 years of age or younger: in an Adjacent Seat to the parent, guardian, or tutor accompanying them, and provided both passengers will be in a cabin other than the Business class cabin in the case of Infants occupying a seat.
- (b) Passengers aged 5 - 11 years: in the same row and separated by not more than one seat or directly across the aisle from the parent, guardian, or tutor accompanying them.
- (c) Passengers aged 12 - 13 years: separated by not more than one row from the parent, guardian, or tutor accompanying them.

2) Timing of Seat Assignment

If WestJet is unable to assign seating in the above stated proximity before check-in, WestJet will make all reasonable efforts to facilitate seating in such proximity at check-in, failing which, WestJet will ask for volunteers at the time of boarding. If there are no volunteers, WestJet will once again ask for volunteers to change seats before take-off.

3) Passenger Responsibility

At the earliest opportunity passengers must inform WestJet, or its agent, of any passenger who will be less than 14 years of age on the date of travel to ensure that proper seating arrangements can be made.

4) Fees

Seat assignment is provided by WestJet for passengers less than 14 years of age and any accompanying passenger free of charge, however fees and/or difference in fare may apply if passengers decide to select seats other than those assigned by WestJet.

With respect to the age of the Minor on the dates of travel, this program:

- (a) Is not available to any passenger less than 8 years of age,
- (b) Is mandatory for Minors aged 8 – 11 years travelling without an accompanying passenger at least 12 years of age, and
- (c) Is optional for Minors aged 12 – 17 years travelling alone.

A fee of \$100 CAD per direction for each unaccompanied Minor applies in addition to the fare and applicable taxes and other fees.

See rule 120 - Unaccompanied Minor Program Conditions, visit WestJet.com, or contact WestJet for full program details.

F) Guardian Fares Program

WestJet offers a discounted guardian fare which allows a passenger to accompany a Minor to a destination and return to their departure city within a fixed period. See rule 105 - Guardian Fares Program, visit WestJet.com, or contact WestJet for program details.

G) Limited Responsibilities of Carrier

WestJet will not assume any financial or guardianship responsibilities for any passenger that has not reached their 16th birthday beyond those applicable to an adult passenger.

Rule 50 Airport Arrival, Check In, and Boarding Times

A) Recommended Times – WestJet recommends the following for general passengers:

- 1) Passenger Check-in & Baggage Drop Off: 120 minutes prior to scheduled flight departure for flights within Canada
- 2) Boarding Gate Arrival Time: 40 minutes prior to scheduled flight departure for all flights.

Note: Baggage will be accepted up to three hours before the scheduled time of flight departure at most locations.

Recommended times are subject to adjustment due to impacting factors, including but not limited to adverse weather events.

B) Time Limits & Refusal to Transport

WestJet may refuse to transport any passenger who fails to meet the time limits set out below:

- 1) Time Limits for General Passengers
 - (a) Check-in & Baggage Drop Off: 60 minutes prior to scheduled flight departure for flights within Canada.
 - (b) Boarding Gate Cutoff: 15 minutes prior to scheduled flight departure for all flights.
 - (c) Minimum Flight Connection Time: In the case of itineraries involving connections between flights where the connecting time between flights is reasonably expected to be less than the applicable minimum connecting time set by WestJet, WestJet reserves the right at its sole discretion to re-assign affected passengers to alternate flights which provide minimum connecting times or greater. Such reassignment of affected passengers is not a denial of boarding pursuant to rule 80: Passenger Rights.
- 2) Check-in & Baggage Drop Off Time Limits for Passengers Using Special Services

Passengers whose travel involves one or more of the below circumstances must complete check-in and baggage drop off with additional time as noted below. The adjusted timing requirements are relative to the standard timing requirement provided immediately above in Section B) 1) (Time Limits for General Passengers), and WestJet may refuse to transport any passenger who fails to meet the following additional time limits:

- (a) An additional 30-minutes earlier than specified for passengers:
 - (i) using a wheelchair;
 - (ii) traveling with an extra seat;

- (iii) traveling with oversize / overweight Baggage; or
 - (iv) traveling with a carry-on animal.
- (b) An additional 90-minutes earlier than specified for passengers travelling with a checked Baggage animal.

Rule 55 Baggage

A) Carry-On Baggage

1) Acceptance

Due to cabin storage space and weight limitations, WestJet cannot guarantee that carry-on Baggage will be accommodated in the passenger cabin of the aircraft. Cabin storage is provided on a “first-come, first-served” basis. In the event Baggage cannot be carried in the cabin, WestJet will use reasonable efforts to carry it as checked Baggage or transport the Baggage on the next available WestJet flight.

Subject to availability of cabin space, size and weight limitations, and applicable fare rules, WestJet may accept two pieces of carry-on Baggage per passenger, being:

- (a) one piece of general carry-on Baggage; and
- (b) one personal item.

Notwithstanding the above, (i) an Infant for whom no fare has been paid (i.e. lap-held) is not entitled to travel with carry-on Baggage, and (ii) passengers holding a Basic fare type are entitled to one personal item and are not entitled to one piece of general carry-on Baggage.

2) Size Limits

Each piece of carry-on Baggage (i) must be stored in an aircraft overhead bin or placed completely underneath the seat directly in front of the passenger (if any), and (ii) may not exceed the applicable measurements as follows:

- (a) General carry-on Baggage size limit: 56 cm x 23 cm x 36 cm
(22 in x 9 in x 14 in)
- (b) Personal item size limit: 41 cm x 15 cm x 33 cm
(16 in x 6 in x 13 in)

3) Required Checking of Carry-On Baggage

For any Baggage not complying with the applicable size limits set forth above, or, in the interest of safety or space limitations within the cabin, WestJet may require that any Baggage which a passenger intends to take on-board as carry-on Baggage be surrendered and treated as checked Baggage for placement in the cargo compartment of the aircraft for travel to the passenger’s destination.

Payment of applicable checked Baggage fees is required. In addition to applicable checked Baggage fees, a fee of CAD \$25.00 will apply to each piece of carry-on Baggage that must be surrendered on board the aircraft and checked because the Baggage exceeds the applicable carry-on size limits.

Applicable checked baggage fees and the additional fee do not apply if the Baggage is within the applicable carry-on size

limits, but space is not available due to limited aircraft capacity or safety reasons.

B) Checked Baggage

1) Acceptance and Transport

Checked Baggage is subject to the terms and conditions of this rule. Checked Baggage fees outlined in this rule may apply, including fees for oversized or overweight items.

Upon acceptance by WestJet, including acceptance at the boarding gate with respect to gate-checked Baggage, WestJet will issue a baggage identification tag for each piece of checked Baggage. A portion of this identification tag will be provided to the passenger. Any baggage which the passenger intends to take onboard as carry-on baggage and which the carrier requires the passenger to surrender at boarding for placement in the cargo compartment will be regarded as checked Baggage and tagged as described herein. It is the passenger's sole responsibility to ensure that all checked Baggage has the passenger's name or other personal identification affixed to it.

WestJet will only check Baggage for transport to the Final Destination or place of Stopover, as indicated on the passenger's confirmed and ticketed reservation. Further, WestJet will not check Baggage for transport to a Final Destination other than the Baggage indicated on the passenger's reservation.

2) Pieces Limit

A passenger may check a maximum of 4 pieces of Baggage for transport, with the exception of:

- (a) An Infant for whom no fare has been paid (i.e., lap-held) is not entitled to any checked Baggage.
- (b) A passenger whose itinerary includes flights operated by WestJet Encore may only check a maximum of 3 pieces of Baggage.

Notwithstanding the above, WestJet reserves the right to refuse excess Baggage when required for operational reasons.

3) Size & Weight Limits

For the purposes of this rule, the combined dimensions of an item is equal to the item's length plus the width plus the height. A piece of Baggage that exceeds the weight restriction is considered overweight Baggage, and a piece of Baggage that exceeds the combined dimensions is considered oversized Baggage.

- (a) Regular Checked Baggage

Regular checked Baggage, and the associated regular checked Baggage fees when applicable, is subject to the following maximum weight and maximum combined dimensions:

- (i) Weight: 23 kg (50 lb)
- (ii) Combined dimensions: 157 cm (62 in)

(b) Oversized Checked Baggage

Oversized checked Baggage may be accepted when its combined dimensions are between 157 cm (62 in) and 203 cm (80 in), subject to space and weight limitations and payment of the applicable checked Baggage fee.

Oversized checked Baggage with combined dimensions greater than 203 cm (80 in) is not accepted for transport.

(c) Overweight Checked Baggage

Subject to space and weight limitations, and payment of the applicable checked Baggage fee, a piece of Baggage exceeding 23 kg (50 lb) may be accepted provided it does not exceed 45 kg (100 lb).

Overweight checked Baggage exceeding these limits will not be accepted for transport.

C) Additional Child and Infant Equipment

Passengers travelling with an Infant or Minor less than twelve (12) years of age may be permitted additional carry-on Baggage or checked Baggage for the Infant or Minor, as follows:

1) Lap-held Infant / No Fare

- (a) Checked or Gate Checked: Two pieces of child/Infant equipment are permitted at no charge in addition to the checked Baggage allowance for the fare class booked, size and weight limits apply.

Accepted equipment includes an approved restraint system (i.e. a car seat), a playpen or a stroller. No substitutions are permitted.

- (b) Carry On: No additional allowance.

2) Infant Occupying a Seat and Minors Less than 12 Years of Age / Fare Paid

- (a) Checked or Gate Checked: One piece of child/Infant equipment may be permitted at no charge in addition to the checked Baggage allowance for the fare class booked, size and weight limits apply.

Accepted equipment includes an approved restraint system (i.e. a car seat), a playpen or a stroller. No substitutions are permitted.

(b) Carry On: No additional allowance.

D) Sporting Equipment

WestJet accepts certain types of sporting equipment as checked Baggage.

The size and weight limits for checked Baggage provided in this rule apply to sporting equipment, however WestJet may waive oversized and/or overweight fees for certain types of sporting equipment.

WestJet treats some sets of sporting equipment as a single piece of Baggage, such as a set of hockey or ringette equipment in a single bag, provided the Baggage contains only the associated sporting equipment and no other items.

See rule 110 - Sporting, Hunting, and Fishing Equipment, visit WestJet.com or contact WestJet for further details.

E) Musical Instruments

WestJet may accept properly packaged musical instruments as either checked Baggage or carry-on Baggage, depending on the instrument's weight and combined dimensions, provided it is safe to do so. Acceptance is subject to this rule and the following terms and conditions:

1) Carry-On Baggage

A musical instrument may be permitted as one piece of a passenger's permitted carry-on Baggage. All provisions of this rule in respect of carry-on Baggage apply, including limits as to the number of pieces and size of carry-on Baggage.

Separate seats cannot be purchased for carry-on musical instruments.

Due to cabin storage space and weight limitations, WestJet cannot guarantee that a musical instrument will be accommodated in the passenger cabin of the aircraft. Cabin storage is provided on a "first-come, first-served" basis. In the event of insufficient cabin storage space, including due to an aircraft substitution, preventing the transportation of a musical instrument as carry-on Baggage, WestJet will use reasonable efforts to either transport the instrument as gate-checked Baggage or transport the instrument as checked Baggage on the next available flight.

2) Checked Baggage

A musical instrument may be transported as one piece of a passenger's permitted checked Baggage. All provisions of this

rule in respect of checked Baggage apply, including limits as to the number of pieces, size, and weight of checked Baggage.

Musical instruments which are transported as checked Baggage must be packaged in a rigid/hard shell container designed to transport such items. For string instruments, passengers are responsible for ensuring that the strings are loosened so that tension is reduced on the top and neck of the instrument.

F) Firearms and Ammunition

Acceptance of firearms and ammunition is subject to applicable fare rules and this Tariff, including the following terms and conditions:

- 1) Types Accepted: shotguns, handguns, pistols, rifles, BB guns, starter pistols, air pistols/rifles, paintball guns and related ammunition will be accepted only as checked Baggage. All other firearms and/or associated ammunition are not accepted.
- 2) Advance Notice: Passengers planning to travel with a firearm and/or ammunition must contact all operating airlines on the itinerary at least 72 hours before departure; failure to do so may result in a refusal to transport at any stage of the itinerary.
- 3) Required Documents: the passenger must hold and present all required entry permits or other documents for the country or countries of transit and destination.
- 4) Declaration: The passenger must fill out a firearms declaration form at check-in and adhere to all applicable rules and regulations pertaining to the transportation of the firearm and ammunition. Failure to do so may result in the seizure of the firearm.
- 5) Checked Baggage: Firearms must be rendered inoperable, such as with a trigger lock, and packed in a suitable hard-sided, opaque, heavy-duty container or case. Ammunition must be in a container designed for its transportation. The firearm and its ammunition may be transported in the same piece of checked Baggage provided both are in a suitable container. The ammunition may not exceed 5Kg.

Passenger(s) shall be liable to westJet for any and all claims, damages, losses, fines, penalties, liabilities, judgements, costs and expenses of any kind or nature whatsoever (including but not limited to interest, court costs and solicitor and own client costs), which in any way arises out of or results from any costs or impacts incurred in complying with this rule, or due to a failure to comply with this rule, including but not limited to injury to or death of any person, damage to or destruction of any property, real or personal, and liability or obligations under or with respect to any violation of Applicable Law.

This rule does not apply to officers of the law travelling in the line of duty and carrying legally prescribed sidearms or other similar weapons.

G) Baggage Fees

1) General

Pre-paid checked Baggage fees are those that are paid at the time of booking and up to 24 hours prior to the scheduled flight departure and are charged as outlined and noted below (unless exemptions are stated).

Check-In checked Baggage fees are those that are paid within 24 hours of the scheduled flight departure and are charged as outlined and noted below (unless exemptions are stated).

Subject to applicable fare rules and this Tariff:

- (a) Baggage fees are applied once per direction of travel; and
- (b) when multiple Baggage fees apply to a given piece of Baggage (e.g. a checked bag that is both oversized and overweight), payment of all applicable Baggage fees is required.

All Baggage fees are non-refundable and non-creditable, except as otherwise required under this Tariff.

Fees may vary when transacted in currencies other than that published by WestJet, see rule 20 - Currency for further details.

- (c) water sport equipment (e.g., kiteboards, paddleboards, surfboards, wakeboards, or wave skis).

6) Excess Valuation

At the time of transferring a checked bag to WestJet, passengers may declare excess valuation, see rule 95 – Baggage Liability for further details.

Excess valuation fees are applied once per piece in each direction of travel. The excess valuation fee is CAD \$15.00. Upon payment of the applicable fee, WestJet's maximum liability for loss/damage or destruction of each piece of such checked Baggage shall be increased to CAD \$4,000.00.

H) Refusal of Baggage

At all times the acceptance and transport of carry-on, gate checked, and checked Baggage is subject to (i) inspection at WestJet's discretion to verify contents, (ii) payment of applicable fees, (iii) operational considerations including without limitation space, size, or weight limits, and when the character of a passenger's Baggage renders it unsuitable for carriage, and (iv) safety considerations.

Safety considerations include without limitation articles which may endanger the aircraft, persons or property, are likely to be damaged by air carriage, are unsuitably or inadequately packed, or the carriage of which would violate the laws, regulations, or orders of countries or jurisdictions to be flown from, to, or over.

Unless otherwise stated herein, dangerous goods, explosives, ammunitions, corrosives and articles which are easily ignited are prohibited, including all items listed in the U.S. D.O.T hazardous materials regulations (49 CFR 100-185), the International Civil Aviation Organization technical instructions for the safe transport of dangerous goods by air, and/or the IATA dangerous goods regulations.

WestJet does not accept as Baggage or when otherwise placed in WestJet's care any valuable or item whose value is \$1 or more per gram, the loss or damage of which may cause serious harm or damage to a passenger. Further, passengers are prohibited from placing such items in Baggage or otherwise into WestJet's care without WestJet's knowledge.

WestJet reserves the right to refuse Baggage when any requirement of this rule is not met.

Passengers should contact WestJet or review its website as required for more information on the acceptance of items as Baggage. Passengers are solely responsible for ensuring their compliance with the laws and regulations of the countries of origin, transit, and destination of their itinerary.

Rule 60 Interline Baggage

A) General

For the purposes of this rule, the following terms shall have the following meanings:

"Down Line Carrier" means any carrier, other than the Selecting carrier, who is identified as providing Interline Travel to the passenger by virtue of the passenger's Ticket.

"Interline Itinerary" means all flights reflected on a Single Ticket involving multiple air carriers.

"Interline Travel" means travel on an Interline Itinerary.

"Participating Carrier(s)" means both the Selecting Carrier and Down Line Carriers who have been identified as providing Interline Travel to the passenger by virtue of the passenger's Ticket.

"Selected Carrier" means the carrier whose Baggage rules apply to the entire Interline itinerary.

"Selecting Carrier" means the carrier whose Airline Designator Code is identified on the first segment of the passenger's Ticket at the beginning of an Interline Itinerary issued on a Single Ticket whose origin or ultimate destination is in Canada.

"Single Ticket" means a document that permits travel from origin to destination, which document may include interline or Code-Share segments or end-to-end combinations (i.e., stand-alone fares that can be bought separately but combined together to form one price).

B) Application of Rule

This rule is applicable to all Interline Itineraries issued on a Single Ticket whose origin or ultimate ticketed destination is in Canada and establishes how WestJet will determine which carrier's Baggage rules apply to any passenger's entire Interline Itinerary.

In situations where a passenger's origin is a non-Canadian point and the itinerary includes at least one stop in Canada, as well as at least one stop outside Canada, if the stop in Canada is the farthest checked point and the stop is more than 24 hours, the ultimate ticketed destination is in Canada.

C) Passenger Responsibility

When travelling with one of WestJet's Code-Share or interline partners, passengers are encouraged to familiarize themselves with the Baggage allowances and fees of the Code-Share or interline carrier as they may be different from WestJet's Baggage allowances and fees. WestJet will comply with applicable

regulations to ensure the appropriate Baggage allowances and fees apply throughout the passenger's entire journey.

D) Baggage Rule Determination by Selecting Carrier

1) Checked Baggage

The Selecting Carrier will:

- (a) select and apply its own Baggage rules as set out in its tariff to the entire Interline Itinerary; or
- (b) select the most significant carrier, as determined by IATA resolution 302 and conditioned by the Canadian Transportation Agency, in order for that carrier's Baggage rules, as established in its tariff, to apply to the entire Interline Itinerary.

2) Carry-on Baggage

Each Operating Carrier's carry-on Baggage allowances will apply to each flight segment in an Interline Itinerary. Notwithstanding, the carry-on Baggage charges that will apply to the entire Interline Itinerary will be those of the Selected Carrier.

E) Baggage Rule Application by Participating Carrier

Where WestJet is not the Selected Carrier on an Interline Itinerary but is a Participating Carrier that is providing transportation to the passenger based on the Ticket issued, WestJet will apply as its own Baggage rules the Baggage rules of the Selected Carrier throughout the Interline Itinerary.

F) Disclosure of Baggage Rules

1) Summary Page at the End of an Online Purchase and E-Ticket Disclosure

- (a) For Baggage rules and provisions related to a passenger's checked Baggage, when WestJet sells and issues a Ticket for an Interline Itinerary, WestJet will disclose to the passenger on any summary page at the end of an online purchase (being the page on WestJet's website which summarizes the details of a Ticket purchase transaction) and on the passenger's itinerary/receipt and e-Ticket at the time of ticketing the Baggage information relevant to the passenger itinerary, as follows:

- (i) name of the carrier whose Baggage rules apply;
- (ii) passenger's Baggage allowance and applicable fees;
- (iii) size and weight limits of the pieces of Baggage, if applicable;
- (iv) terms or conditions that would alter or impact a passenger's standard Baggage allowances and charges (e.g., frequent flyer status, early check-in, and pre-purchasing Baggage allowances with a particular credit card);
- (v) existence of any embargoes that may be applicable to the passenger's itinerary; and

- (vi) application of Baggage allowances and charges (i.e., whether they are applied once per direction or if they are applicable at each Stopover point).

The disclosed information will reflect the Baggage rules of the selected carrier.

- (b) westJet will provide this information in text format on the passenger's e-Ticket confirmation. Any fee information provided for carry-on bags and the first and second pieces of checked Baggage will be expressed as specific charges (i.e., not as a range).

2) website Disclosure

westJet will disclose on its website, in a convenient and prominent location, a complete and comprehensive summary of all westJet's own Baggage rules, including information concerning:

- (a) the maximum weight and dimensions of passenger Baggage, if applicable, both checked and carry-on;
- (b) the number of checked and carry-on passenger Baggage that can be transported and the applicable charges;
- (c) excess, overweight, and oversized Baggage charges;
- (d) charges related to check-in, collection and delivery of checked Baggage;
- (e) acceptance and charges related to special items (e.g., surf boards, animals, bicycles, etc.);
- (f) Baggage provisions related to prohibited or unacceptable items, including embargoes;
- (g) terms or conditions that would alter or impact the Baggage allowances and charges applicable to passengers (e.g., Frequent flyer status, early check in, pre-purchasing Baggage allowances with a particular credit card); and
- (h) other rules governing treatment of Baggage at Stopover points, including passengers subject to special Baggage allowances or charges.

Rule 65 Animals

A) Application

WestJet will agree to carry animals subject to the provisions of this rule. Where provisions of this rule and Tariff are not met, WestJet reserves the right to deny carriage for any animal.

This rule does not apply to qualified Service Dogs, see rule 40 – Persons With A Disability for further details.

B) General Terms and Conditions for Carriage of an Animal

1) Accompanied Animals Only

Subject to this rule, WestJet will accept an animal for carriage as carry-on baggage or checked baggage provided the animal is accompanied by a passenger who is not an unaccompanied minor or an infant.

2) Limitation of Animals on Aircraft

WestJet reserves the right to limit the number or type of animal(s) accepted for transportation on any flight, either as carry-on or checked baggage, due to operational and/or safety considerations, including but not limited to aircraft type, animal breed characteristics which make them unsuitable for air travel, or climate conditions adverse to the well-being of animals travelling as checked baggage. Passengers should visit WestJet's website or contact WestJet for additional details.

3) Advance Arrangements

Passengers are required to provide at least 48 hours' notice in advance of their flight departure when requesting to travel with an animal. Carriage of an animal is subject to factors including but not limited to availability and weather conditions restrictions and therefore is not guaranteed.

4) Fees

Transport of animals other than Service Dogs is subject to payment of the fees outlined in this rule, unless an exemption provided in this Tariff applies.

5) Required Documents and Permissions

Before any animal is accepted for carriage, it is the responsibility of the passenger to make all necessary arrangements to obtain valid health and vaccination certificates, entry permits, and all other documents required by countries, states or territories for entry or transit.

In the absence of any required documentation, an animal will not be accepted for carriage, and WestJet will not be liable in

the event an animal is refused entry into or passage through or exit from a country, state, or territory.

All passengers travelling with an animal must also complete a "Live Animal Declaration" form at check-in.

westJet will not be responsible for quarantine, denied passage, or denied entry imposed by any countries, states, or territories of transit or entry. westJet shall not be liable for the cost of returning the animal to the place of departure.

6) Multi-Carrier Itineraries

When travel involves more than one air carrier, the passenger must verify the policy of each such carrier and ensure that the requirements of each carrier have been met and that each carrier is aware of and has agreed to carry the animal on its aircraft.

7) Animal Age and Status

westJet will not accept an animal for carriage if the animal:

- (a) in any way jeopardizes the safety of persons, including westJet employees or passengers;
- (b) is aggressive;
- (c) is unwell;
- (d) has an offensive odour;
- (e) requires attention during transit; or
- (f) is less than eight weeks old.

westJet recommends that passengers consult with their veterinarian before reserving travel with an animal that is in heat (estrus), pregnant, has recently given birth, or before administering any sedation or medication to an animal that is being transported as carry-on or checked Baggage.

westJet recommends that passengers do not administer any tranquilizer or other medication to their animal before travel without first consulting a veterinarian.

8) Check In for Passengers with Animals

Passengers travelling with an animal as carry-on or checked Baggage must check-in:

- (a) with an agent at the airport of departure;
- (b) with all required documentation for the animal;
- (c) with the required kennel (see "Kennel Requirements" in this rule below); and
- (d) not later than the applicable time limit set out in rule 50 - Airport Arrival, Check In, & Boarding Times.

9) Denial of an Animal

In the event an animal is denied for travel at any point and the passenger wishes to continue to travel, the passenger will

be responsible for obtaining care or alternative transportation for the animal.
 In the event an animal is denied for travel at any point and the passenger does not wish to continue to travel, refundability will be subject to applicable fare rules and this Tariff.

10) Limitation of Liability

- (a) westJet will not be responsible in the event of loss, delay, injury, sickness or death of an animal (including a Working Dog) unless otherwise provided in this Tariff, and unless the injury, sickness or death results from the negligence of westJet's representatives in which case westJet's liability will be limited to expeditiously providing, at its own expense, for medical care of, and, if necessary, replacement of the animal.
- (b) The passenger assumes full responsibility for the behavior of their animal, including its interaction with persons, other animals, and property during all phases of transport. The passenger shall indemnify westJet and shall hold it harmless against any and all claims, actions, suits, expenses, damages, solicitor and own client costs, disbursements, and liabilities of any kind arising from the carriage of passenger's animal, or from non-compliance with any of the above.

C) Additional Requirements for Animals as Carry-On Baggage or Checked Baggage

1) Animals Travelling as Carry-On Baggage

(a) One Animal Only

Only one appropriately kenneled animal is accepted per passenger for transport as carry-on Baggage.

The animal, together with the kennel containing the animal, will be considered as one piece of carry-on Baggage.

(b) Animal Type

Only appropriately kenneled birds, cats, or dogs will be accepted for transport as carry-on Baggage.

(c) Storage of Animal and Passenger Seating

The animal being transported as carry-on Baggage must remain in its kennel for the entire duration of the journey. During the flight, the kennel must be stored under the seat directly in front of the passenger and the passenger must sit in a seat which allows such storage.

Permitted seating may be restricted due to operational or safety considerations.

westJet may require a passenger travelling with an animal as carry-on Baggage to change seats after boarding to accommodate other passengers. westJet will reimburse applicable seat selection fees or other additional charges related to class of service differences in such cases, as applicable under this Tariff.

2) Animals Travelling as Checked Baggage

(a) Animal Type and Number

Only appropriately kenneled birds, cats, chinchillas, dogs, guinea pigs, hedgehogs, and rabbits will be accepted for transport as checked Baggage, subject to restrictions, regulations, and the custom and import or export requirements of the destination country, state, or territory. Certain animal breeds with characteristics which make them unsuitable for air travel are restricted. See rule 115 - Restricted Dog and Cat Breeds, visit WestJet.com, or contact westJet for further details.

The animal, together with the kennel containing the animal, will be considered as one piece of checked Baggage. Accordingly, the maximum number of animals per passenger is subject to the maximum number of checked Baggage pieces per passenger as provided in this Tariff and applicable fare rules.

D) Kennel Requirements

1) General

Unless the animal is a working Dog, the animal must be confined in a kennel provided by the accompanying passenger which complies with the applicable kennel requirements set forth in this rule.

As outlined below, kennel requirements differ for animals as carry-on Baggage and animals as checked Baggage.

Kennels are subject to inspection and approval by westJet. westJet reserves the right to deny transportation of any animal if the kennel does not comply with the applicable kennel requirements, or if the kennel is otherwise unsuitable.

westJet does not provide kennels for rent or purchase.

2) Animals as Carry-On Baggage

The following kennel requirements apply where an animal is transported as carry-on Baggage:

(a) General Kennel Requirements

Animals transported as carry-on Baggage must be contained in a kennel that contains only one live animal and is:

- (i) airline-approved and specific for the purpose of animal transport aboard an aircraft;
- (ii) escape-proof, does not allow the animal's head to stick out, and is otherwise secure;
- (iii) soft-sided;
- (iv) leak-proof;
- (v) well-ventilated; and
- (vi) clean.

(b) Maximum Size

A kennel for the purposes of transporting an animal as carry-on Baggage must not exceed the following size limits:

41 cm long x 25.4 cm wide x 21.5 cm high (16 in long x 10 in wide x 8.5 in high)

If the kennel exceeds these size limits it will not be accepted as carry-on Baggage.

3) Animals as Checked Baggage

The following kennel requirements apply where an animal is transported as checked Baggage:

(a) General Kennel Requirements

Animals transported as checked Baggage must be contained in a kennel that:

- (i) is airline-approved and specific for the purpose of animal transport aboard an aircraft;
- (ii) is escape-proof, does not allow the animal's head to stick out, and is otherwise secure;
- (iii) is hard sided with a solid bottom and top, not made of wire mesh;
- (iv) is secured with the device originally intended by the manufacturer of the kennel and locking pins must engage the container beyond the extrusions by 1.6 cm (5/8 in.);
- (v) is marked with "Live Animal" and directional "This way Up" arrows on two sides;
- (vi) has devices for lifting the kennel (e.g., handles);
- (vii) has a minimum $\frac{3}{4}$ inch protecting rim;
- (viii) does not have a plastic door;
- (ix) does not have a top loading door;
- (x) has all wheels removed;
- (xi) is leak-proof and lined with absorbent material such as a towel (newspapers, hay, wood shavings, and straw cannot be used);
- (xii) is well-ventilated; and
- (xiii) is clean.

(b) Maximum Size and weight

A kennel for the purposes of transporting an animal as checked Baggage must not exceed the following size and weight limits:

- (i) Maximum Size: 101 cm long x 68 cm wide x 76 cm high (40 in. long x 27 in. wide x 30 in. high)
- (ii) Maximum weight (kennel and animal combined): 45 kg (100 lb)

If the kennel exceeds these size or weight limits it will not be accepted as checked Baggage. Passengers may contact WestJet Cargo or other cargo services providers to investigate other transportation options in such cases.

(c) Two Animals in One Kennel

Each kennel as checked Baggage should contain only one (1) animal, provided a maximum of two (2) animals may be permitted to be shipped in one kennel on select aircraft if they are the same species, are compatible, normally cohabitate, and are comparable in size (up to 14 kg/31 lbs each). Maximum total weight restrictions (animals plus kennel weight) apply. Passengers must contact WestJet for approval before travel.

E) Working Dogs

“Working Dog” means a dog that locates people or items (e.g., search, rescue, avalanche, or tracking dogs), performs specific tasks for the military or police (e.g., detection, scout, or sentry), or possesses and performs other highly specialized skills. Working Dogs are not Service Dogs.

Working Dogs that are at least eight weeks old and wearing appropriate control measures (i.e., a harness or collar with a leash or tether, issued by a professional training institution) will be permitted to travel unkenneled in the cabin of an aircraft, provided there is enough space to accommodate the Working Dog and subject to all conditions below.

Working Dogs must meet all general requirements for transportation of animals provided elsewhere in this rule as well as all requirements specific to working Dogs in this Section E. If the applicable terms and conditions for transport of a Working Dog provided in this Section E are not met, the dog may travel as carry-on or checked Baggage, subject to the other provisions of this rule.

4) Required Documents

Documentation is required for working Dogs (e.g. a government-issued identification card) certifying that the dog has been trained, or is in the process of being trained, by a professional Service Dog institution as a Working Dog.

WestJet may refuse to transport a dog as a Working Dog if such documents are not provided or if WestJet reasonably believes that the dog is not a Working Dog.

5) Seating for Trainer or Handler

A Working Dog must be accompanied by a trainer or handler, and they must be transporting the Working Dog for duty.

WestJet, in consultation with the Working Dog's trainer or handler, will determine where the trainer or handler will be seated to ensure that adequate space is provided to the trainer or handler and the Working Dog.

If WestJet determines it will not be possible for the Working Dog to remain on the aircraft floor within the floor space of the handler's or trainer's seat, WestJet may require the purchase of additional seating for a Working Dog as a condition of accepting the Working Dog for transport.

6) Flights Not Accepting Working Dogs

- (a) Working Dogs are not accepted on WestJet Vacations or Sunwing Vacations package bookings.
- (b) Working Dogs are not accepted in the Business cabin of any flight.

F) Animal Transport Fees

7) General

- (a) Fees include transport of an animal together with its kennel.
- (b) Fees are charged once per kennel per direction of travel.
- (c) Fees apply to Working Dogs, but not to Service Dogs.
- (d) All Baggage fees are non-refundable and non-creditable, except as otherwise outlined in this Tariff.
- (e) Fees may vary when transacted in currencies other than that published by WestJet, see rule 20 - Currency for further details.

A fee of CAD \$50.00 applies when an animal is transported as carry-on Baggage

A fee of CAD \$100.00 applies when an animal is transported as checked Baggage.

Rule 70 Refusal to Transport

A) Application

A refusal to transport a passenger occurs in situations where the passenger is not permitted to continue their journey on that flight due to the application of this rule or other rules of this Tariff. Refusal to transport can occur at the start of a journey or while the passenger is enroute to their destination.

Flight delay, flight cancellation, and denial of boarding do not constitute a situation of a refusal to transport.

B) General

1) Laws, Regulations, and Orders

At all times the passenger shall comply with all laws, regulations, orders, travel requirements of countries to be flown from, into, or over, and with all rules, regulations, and instructions of the carrier.

WestJet reserves the right to refuse carriage to any passenger or may remove any passenger at any point who has not complied in full with all Applicable Law, demands or requirements, or whose documents are not complete.

Compliance with this provision is solely the responsibility of the passenger. Accordingly, WestJet will not be liable:

- (a) to the passenger for loss or expense due to the passenger's failure to comply with this provision.
- (b) for any aid or information given by any agent or employee of WestJet to a passenger in connection with obtaining necessary documents or complying with such laws, regulations, orders, demands, requirements, or instructions, whether given orally, in writing, or otherwise, or for the consequences to any passenger resulting from their failure to obtain such documents or to comply with such laws, regulations, orders, demands, requirements, or instructions.
- (c) if, acting in good faith, it refuses to transport a passenger based on what it understands to be Applicable Law, demands, or requirements that mandates such refusal.

2) Required Inspection

If required, the passenger must attend at an inspection of their Baggage, whether checked or unchecked, by customs or other government officials. WestJet accepts no responsibility toward the passenger if the passenger fails to observe this requirement.

Customs and immigration officials of the various countries travelled from, via, and to by the passenger and any animal being transported with the passenger, will have the final decision with respect to entry of passengers or animals, and these decisions could be different from those of WestJet when

it accepted the passenger or animal for transportation at the outset of their itinerary.

westJet shall not be liable to the passenger for any aid, assistance, data, or other information provided to customs or other government agencies involved in border controls of any country pertaining to the passenger or passenger's travel, including in the event this prevents the passenger from travel.

3) Government Requirements

westJet will refuse to transport or will remove any passenger at any point necessary or advisable to comply with any government regulation or governmental request for emergency transportation.

4) Event of Force Majeure

westJet may refuse to transport or may remove any passenger at any point to address an Event of Force Majeure.

6) Proof of Identity or Age

westJet will refuse to transport or will remove any passenger at any point if the passenger refuses a request to produce valid and unexpired government-issued photo-identification to provide proof of the passenger's age and identity. Acceptable identity documents for air travel are determined by Public Safety Canada and may be reviewed here: <https://www.publicsafety.gc.ca/cnt/ntnl-scrt/cntr-trrrsm/pssngr-prtct/dcmnts-en.aspx>.

Note: westJet is obligated to screen each passenger by looking at the passenger, and in particular the passenger's entire face, to determine if the passenger appears to be 18 years of age or older. westJet is also obligated to screen each passenger who appears to be 18 years of age or older by comparing the passenger, and in particular the passenger's entire face, against one piece of valid and unexpired government-issued photo identification that shows the passenger's full name, date of birth and gender marker.

9) Failure to Meet Time Limits ("No Show")

C) Passenger Condition

1) Capacity to Care for Self

WestJet may refuse to transport or may remove any passenger at any point when WestJet determines, in good faith and using reasonable discretion, that the passenger's mental, cognitive, or physical condition is such as to render the passenger incapable of caring for themselves without assistance or medical treatment enroute, unless subject to and in full compliance with rule 40 – Persons with A Disability, the passenger is accompanied by a Support Person, and the passenger and Support Person comply with the provisions of rule 40 – Persons with A Disability.

2) Medical Clearance

When WestJet determines, in good faith and using its reasonable discretion, that a passenger's medical or physical condition involves a hazard or risk to themselves or to other persons (including, in the case of expectant mothers, unborn children) or property, WestJet may require a medical clearance from WestJet's medical authorities or from the passenger's licensed medical doctor.

If such medical clearance is not provided, WestJet may refuse to transport or may remove any passenger at any point.

All fees or charges by third parties for the completion of medical forms or certificates will be the responsibility of the passenger and at the passenger's sole cost and expense.

3) Failure to Provide a Suitable Escort

WestJet will refuse to transport or will remove any passenger at any point if (i) the passenger requires an escort due to a mental health condition and is under care of a psychiatric institution, or is in the custody of law enforcement personnel or other responsible authority, and (ii) the below required prior arrangements have not been made with WestJet in advance of departure of the flight.

- (c) ensure that the passenger's escort accompanies the passenger at all times.

Note: Acceptance of a passenger who requires an escort due to a mental health condition and is under care of a psychiatric institution or is in the custody of law enforcement personnel or other responsible authority is applicable to transportation on flights marketed and operated by WestJet only.

WestJet reserves the right to limit the number of such passengers permitted on a flight when required for safety considerations.

4) WestJet Discretion

Notwithstanding any provision otherwise in this rule or this Tariff, WestJet may at any time refuse to transport or may remove any passenger if WestJet, using its reasonable discretion, determines that the passenger has a contagious disease, has an offensive odor, or presents a biohazard risk to WestJet employees or other passengers due to emesis (vomit), urine, feces, or other bodily fluids.

D) Prohibited Conduct and Sanctions

1) Prohibited Conduct

- (a) without limiting the generality of the preceding provisions of this rule, the following conduct of a person constitutes prohibited conduct where it may be necessary, in the reasonable discretion of WestJet, to take action to ensure the physical comfort or safety of the person, other passengers (in the future and present), WestJet's employees or air crew members, to ensure the safety of the aircraft, to ensure the unhindered performance of the air crew members in their duty on board the aircraft, or to ensure safe and adequate flight operations:

- (iii) the person's conduct involves any hazard or risk to themselves, to other persons (including hazards or risks to pregnant individuals or to unborn children) or to property;
- (iv) the person fails to follow the instructions of the air crew, including instructions to stop any prohibited conduct;
- (v) the person is unable or unwilling to sit or remain seated in the person's assigned seat with the seatbelt fastened;

- (viii) the person films, photographs, or records images or data, or attempts to film, photograph, or record images or data, or continues to film, photograph, or record images or data, by any electronic means, of other passengers or air crew with or without the express consent of the person(s) being filmed, after being advised to cease such conduct by a member of the air crew;
- (ix) the person is barefoot or otherwise inappropriately dressed for air travel in the judgement of westJet;

- (xi) the person has resisted or may reasonably be believed to be capable of resisting required escorts.

2) Sanctions – WestJet Response to Prohibited Conduct

where, in the exercise of westJet's judgement or discretion, westJet determines that a passenger has engaged in, or is likely to engage in prohibited conduct as described above, westJet may, at any time and from time to time, impose any one or more of the following sanctions:

(a) Removal of passenger

WestJet may remove a passenger at any point.

(b) Probation

WestJet may provide the passenger with notice stipulating that the passenger is to follow certain probationary conditions (e.g., to not engage in prohibited conduct), in order for WestJet to provide transport to the passenger. Such probationary conditions may be imposed for any length of time which, in the exercise of WestJet's reasonable discretion, is necessary to ensure that the passenger does not engage in prohibited conduct.

(c) Refusal to Transport

WestJet may refuse to transport a passenger. The length of this refusal to transport may range from a one-time refusal to a longer period, up to and including a lifetime ban, determined at the reasonable discretion of WestJet in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until WestJet is satisfied that the passenger no longer constitutes a threat to:

- (i) the physical comfort or safety of the passenger, other passengers (in the future and present), WestJet's employees, or air crew members;
- (ii) the safety of an aircraft;
- (iii) the unhindered performance of the air crew members in their duty on board an aircraft; or
- (iv) safe and adequate flight operations.

(d) Automatic Refusal to Transport and Possible Lifetime Ban

Without limiting the generality of the preceding provisions of this rule, the following conduct will automatically result in a refusal to transport, up to and including a possible lifetime ban:

- (i) the person continues to interfere with the performance of an air crew member's duties despite verbal warnings by the air crew to stop such behavior;
- (ii) the person injures an air crew member or other passenger(s), or subjects an air crew member or other passenger to a credible threat of injury;
- (iii) the person displays conduct that requires an unscheduled landing or the use of restraints such as ties and handcuffs; or
- (iv) the person repeats a prohibited conduct after receiving a notice of probation.

3) Costs Resulting from Prohibited Conduct

The remedies outlined above are without prejudice to WestJet's other rights and recourses, namely to seek recovery of any

damages resulting from the prohibited conduct or as otherwise provided in this Tariff, including recourse provided in WestJet's frequent flyer program, and to file criminal or statutory charges.

Passenger(s) who engage in any prohibited conduct as described in this rule shall be liable to WestJet for any and all claims, damages, losses, fines, penalties, liabilities, judgements, costs and expenses of any kind or nature whatsoever (including but not limited to interest, court costs and solicitor and own client costs), which in any way arises out of or results from the prohibited conduct, including but not limited to injury to or death of any person, damage to or destruction of any property, real or personal, and liability or obligations under or with respect to any violation of Applicable Law.

E) Limitation of Liability / Recourse of the passenger

1) Limitation of Liability

Subject to rule 90 - Carrier Liability, and except as otherwise provided for in this rule and to the extent permitted by Applicable Law, WestJet shall not be liable to any passenger or other person, including with respect to refunds of unused flight coupons, for refusing to board or transport or for removing that passenger or any person on any aircraft at any point in the flight, nor shall WestJet be liable to any passenger or other person for exercising its discretion not to refuse to board or transport or remove any passenger or other person on or from the aircraft.

2) Response to Refusal to Transport / Probation

A person who is refused transport for a period of time (including a lifetime ban) or to whom a probation notice is delivered pursuant to this rule may provide to WestJet, in writing, the reasons why the person believes they no longer pose a threat to:

- (a) the physical comfort or safety of the passenger, other passengers (in the future and present), WestJet's employees, or air crew members;
- (b) the safety of an aircraft;
- (c) the unhindered performance of the air crew members in their duty on board an aircraft; and
- (d) safe and adequate flight operations.

Such written reasons may be sent to the address provided in the refusal to transport notice or the notice of probation.

WestJet will respond to the passenger within a reasonable period of time, which response will provide WestJet's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

Rule 75 Schedule Irregularities

For the purpose of this rule, "**Schedule Irregularities**" means any change of schedules, flight times, routing, stops, equipment, or service that is not governed by the APPR (see rule 80 – Passenger Rights).

A) General

Schedules are not guaranteed. Flight schedules, departure and arrival times, routings, and aircraft types are subject to change, and WestJet's schedules, times and aircraft type published in timetables, advertising, or elsewhere are not guaranteed and form no part of the Air Transportation Contract. Further, WestJet will not be responsible for errors or omissions in such information.

WestJet may, at any time and in its sole discretion, with required notice to persons holding affected reservations, substitute alternate carriers or aircraft, alter the route, add stopovers, or omit the stopping of places shown on the Ticket, and WestJet will not be liable for such changes.

No employee, agent, or representative of WestJet is authorized to bind WestJet by any statement or representation regarding the dates or times of departure or arrival, or of the operation of any flight.

B) Reasonable Efforts

WestJet will make all reasonable efforts to:

- 1) transport the passenger and their baggage at the times indicated in their confirmed itinerary; and
- 2) inform passengers of Schedule Irregularities and, to the extent possible, the reason for the change.

- 4) WestJet will make all reasonable efforts to inform passengers of Schedule Irregularities, and to the extent possible, the reason for a Schedule Irregularity, provided it is the passenger's responsibility to provide WestJet with up-to-date

contact information, and WestJet will not be liable for any loss or damage (direct, consequential, economic, or otherwise) occasioned by or arising from a passenger's failure to comply with this provision.

Rule 80 Passenger Rights

A) General

- 1) This rule only applies to Flight Disruptions and tarmac delays of WestJet operated flights, as such are set out in the APPR. In the event of a conflict between the provisions of this rule and (i) the APPR then in effect or (ii) an applicable statutory passenger rights regime or Applicable Law of jurisdictions outside of Canada to which the affected WestJet flights are subject, the APPR then in effect or such other regime or Applicable Law then in effect will prevail. For Schedule Irregularities to which the APPR does not apply, see rule 75 – Schedule Irregularities.
- 2) WestJet will comply with (i) the APPR and (ii) other applicable statutory passenger rights regimes or Applicable Law of jurisdictions outside of Canada to which affected WestJet flights are subject. If more than one statutory passenger rights regime applies, the passenger may not receive compensation under one regime if they have already received compensation under another regime for the same event.
- 3) Capitalized terms (including terms in quotation marks) used in this rule but not otherwise defined in this Tariff, shall have the meaning attributed to such terms in the APPR.
- 4) “**Flight Disruption**” as used in this rule means a delay, cancellation, or denial of boarding.
- 5) “**Required for Safety Purposes**” as used in this rule means required by law in order to reduce risk to passenger safety and includes required by safety decisions made within the authority of the pilot of the aircraft or any decision made in accordance with a safety management system as defined in subsection 101.01(1) of the Canadian Aviation Regulations but does not include scheduled maintenance in compliance with legal requirements.

B) Tarmac Delay

In the event a flight is delayed on the tarmac after the doors of the aircraft are closed for take-off or after the flight has landed, and provided compliance with this section is reasonably possible and not prevented due to circumstances outside WestJet’s control such as safety, security, air traffic control, or customs control, WestJet will act as follows:

- 1) WestJet will provide passengers with the following:
 - (a) access to lavatories if the aircraft is equipped with lavatories that are in working order;
 - (b) proper ventilation and cooling or heating of the aircraft;
 - (c) if it is feasible to communicate with people outside of the aircraft, the means to do so, free of charge; and

- (d) food and drink free of charge, in reasonable quantities, taking into account the length of the delay, the time of day and the location of the airport.
- 2) If a passenger requires urgent medical assistance during a tarmac delay, westJet will facilitate access to that assistance.
- 3) westJet will provide an opportunity for passengers to disembark not later than:
 - (a) three hours after the aircraft doors have been closed for take-off; and/or
 - (b) three hours after the flight has landed.

Provided however, that westJet may elect to not provide an opportunity for passengers to disembark if it is likely that the tarmac delay will not exceed 3 hours and 45 minutes and westJet is able to continue to provide the required standard of treatment to passengers throughout the tarmac delay.

westJet will make reasonable efforts to provide passengers with disabilities and their Support Person or Service Dog, if any, the opportunity to disembark in advance of other passengers.

- 3) Providing an email address indicates your consent to receive automated flight disruption notifications via email from westJet. Email is the only method westJet uses to provide all required information under subsection 13(5) of the Air Passenger Protection Regulations. Messaging frequency varies based on the status of flight operations.

D) Denial of Boarding

In the event the number of seats that may be occupied on a flight is less than the number of passengers who hold confirmed reservations, have valid travel documentation, and have checked

in by the required time and presented themselves at the boarding gate by the required time as per rule 50 - Airport Arrival, Check In, & Boarding Times, and have otherwise met all requirements of this Tariff, WestJet will seek volunteers to surrender their seat in exchange for compensation as determined by WestJet. The method of such process, including any compensation offered and provided to volunteers, is at WestJet's sole discretion.

C) Cancellation Initiated by Passenger (Voluntary)

If a passenger cancels a reservation, the passenger may or may not be entitled to a refund of the fare, taxes, fees, and charges associated with the reservation, subject to the applicable fare rules, unless provided otherwise below.

In all cases, the most restrictive cancellation/change fees or penalties apply, unless provided otherwise below.

UltraBasic fare reservations may be refunded as provided in this clause.

- 3) In the event a reservation cancellation is (i) completed later than 24 hours following the reservation being made, and (ii) more than 2 hours prior to the scheduled flight departure, subject to the applicable fare rules:
 - (a) when a Ticket is fully unused, the amount of refund will be the fare, refundable taxes, refundable fees, and refundable charges paid, less any applicable cancellation/change fee or penalty.
 - (b) when any portion of the Ticket has been used (i.e., if travel has commenced), the amount of the refund will be the amount of the fare, refundable taxes, refundable fees, and refundable charges paid, in each case prorated by mileage for the flight(s) taken, less any applicable cancellation/change fee or penalty.
